## Section 4 - Workforce Capability

Template 1 Capability Assessment
Insert the total number (Headcount not WTE) of each staff grade ar the top beside $N=$. Insert the total number Headcount) of each staff grade with the capability in each section. This will allow you to calculate the overall total and percentage. For example CNM $=10$; if 5 have a $M$ angement Degree this calculates as $50 \%$ of the
ED CNM Team who possess a M anagement Degree
